Overall machine dimensions	40"W x 75"L x 52"H
Machine weight	550 lbs.

The evolution of “one-step” shrink wrap systems

- Each system comes with a Free Replacement Parts Kit (sealing blade, Teflon tape and rubber pad) included
- One-Step Shrink System. Shrinks and seals at the same time.
- The Q-6084 can be also used for bagging purposes (sealing only – no shrink).
- Height adjustments according to the product size.
- The slide able loading tray/film holder allows best product film sizing.
- Pin film perforator device included.
- Shrink temperature adjustment.
- The Q-6084 is equipped with casters for easy mobility.
- Only one operator required.
- Magnetic hold-down.
- Does not include end plug

For best packaging results use DYNACLEAR® shrink film
